A.R.C. Gets 20% Goal

Twenty percent of Perry County's \$8000 fund drive for the American Red Cross was raised at Wednesday's kick-off breakfast, Drive Chairman Julius Lasso reported yesterday.

The campaign opened the same day in the business section of Hazard and will continue until completed.

Other events will be announced in the near future.

Lasso noted that the drive "got off the ground successfully," during the kick-off breakfast when pledges totaling more than \$1,600 were made.

Announced by Lasso as committee chairmen for the fund drive were: Dan Maggard, business solicitation; Fred Bullard, A. R. Barber and Robert Dickson, industrial solicitation; Noble Hobbs, United Mine Workers solicitation; John Scholtens, special group solicitations; Erman Wertz, special events; Mrs. C. A. Zoellers, house-to-house solicitation; Dewey Daniel, special gifts chairman, Paul McGraner, publicity chairman, and the Rev. E. Tipton Carroll, speaker's bureau.

796 Families Aided

Lasso again reminded the public of the need for Perry Countians to contribute to the Red Cross, noting that the organization "last year during the January flood aided 796 families and poured \$395,856 into Perry County."

"It is important that we understand," he continued, "that we're all contributing to the only organization in the world which we know will help us in the event of another flood."

"The Red Cross," he said, "has the resources, manpower and organization to help the needy in times of disaster."

To Help Needy

Lasso noted: "Too many critics of the Red Cross during last year's flood."

Deputies Destroy 2 Barrels Mash

Two barrels of mash found on Bull Creek near Cornettsville were destroyed, Tuesday afternoon, by Deputy Sheriffs Nin Cornett and Charlie Stidham.

County Sheriff Paul Amis reported yesterday that the still had apparently been in operation about one week. The worm and still were gone when deputies discovered the 100 gallons of mash.

Eastern Vs. Central Standard Time

Perry Countians are going for Eastern Standard Time in a poll currently being conducted by the Hazard Herald.

As of last night, the poll showed 48 persons for E.S.T. as against 33 for C.S.T.

City residents remain almost 2-1 in favor of going on E.S.T. Forty-eight (48) within the city limits favor the fast time; 19 prefer slow time.

Countians are now evenly split on the issue. Twenty-eight (28) votes from county residents are divided between fast and slow time.

Today is the last time the ballot will appear. Final results of the sampling will be announced in Monday's issue of the Herald. Persons who have not yet voted are requested to do so immediately. Tear out the ballot below.

Which do you favor? Eastern or Central Standard Time. The Herald is interesting in knowing the answer to this question. Fill in the following form and mail to the Hazard Herald, Post Office Box 700. Do this now—don't wait.

County Board Did Not Receive Offer On Chavies Land

Perry County School Superintendent Gilbert Bowling yesterday said no one offered him a specified amount of money for a lot at Chavies sold by the Perry County Board of Education to Mr. and Mrs. Charles Deaton for \$100.

In a prepared statement issued to the Herald, Bowling said that while Simpson Duff had indicated "he might be interested in buying this school lot," he did "not offer a price for the property" to either Bowling or Board Member Paul Campbell.

Bowling's reply was to a Herald news story carried last week of a report on the land sale made before the Fiscal Court by County Attorney C. A. Noble.

Noble told the court then that his investigation of the transaction revealed that the tract of land sold by the board to Mr. and Mrs. Deaton could have brought as high as \$1050.

Land Sold In January

The land, approximately 80 x 160 feet and the site of an abandoned two room, frame school building, was sold by the County Board at its January meeting with all but one member, Estill Napier, voting for the sale. The land is also the site of a water well.

Superintendent Bowling said yesterday the "building was excepted from the sale, provided the board would tear it down in at least one year from the time of the sale."

Well Also Excepted

He added that the well "in the corner of the lot was also excepted," and that "most of the old school house had been torn down, but part of it was used as a garage."

"On one occasion," according to Superintendent Bowling, "Simpson Duff told me he might be interested in buying this school lot but he did not offer a price for the property. Paul Campbell, a board member said Mr. Duff also told him he might be interested in buying the school lot, but no price was mentioned in the conversation," Bowling commented.

"I wish to state," he continued, "that no one offered me \$200 for the school lot before the sale. As a rule, after any property is sold, someone will state they would have paid more for it."

Court Ordered Investigation

Noble's investigation was ordered by the Fiscal Court at its January meeting, on a motion by Magistrate Gene Combs. The motion carried unanimously.

Following the February court meeting, Deputy Sheriff Paul Fugate said that Duff had offered Superintendent Bowling and Campbell \$200 for the land and added that he too had been interested in buying the property.

During last week's session of court, Noble reported he had sworn statements from five persons willing to pay \$500 or more for the land. Three, he later revealed, had made standing offers for the property if the deed should be revoked.

He explained, however, that the Fiscal Court itself cannot sue to have the deed set aside. Only individual members of the court as private citizens could bring suit.

New Flusher Put In Action By City

Mary Martin sang: "I'm gonna wash that might right out of my hair..."

But City Manager Hobert Wooten was singing: "I'm gonna flush that dirt right out of these streets..." following the arrival here yesterday of the city's new street flusher—a truck

pulled, 1,800 gallon vehicle for washing streets.

The city manager said yesterday afternoon following a trial run with the flusher:

"Once we get the streets clean, I think we'll be able to keep them that way with the flusher."

A pump on the flusher fires water through jets in the rear for washing the streets. The vehicle will go into full-time duty today or tomorrow as an active participant in the city's clean-up campaign.

The clean-up drive was continuing this week and still has two more weeks to go under the direction of the city, the Perry County Garden Club, the Junior Garden Club and the Hazard Business and Professional Women's Club.

Members of the Junior Club and students of Mrs. Goebel Ritter were hanging "clean-up" signs in prominent locations about the town.

Tuesday, new, heavy duty trash baskets, donated by local merchants and the H. B. P. C. were located about the business section of the town.

City Manager Wooten yesterday urged "all residents of the community to make use of the baskets."

He said: "If shoppers and visitors to town will throw their trash in the baskets, it will go far towards making Hazard a better place to live and a cleaner and healthier place to shop."

The city manager again reminded merchants to clean up debris, trash, and litter from about their buildings and requested them to be aware of the fire dangers involved in a littered building.

The city manager announced the schedule for next week and street captains, who will remind homeowners of the importance of participating in clean-up week.

Clean-Up Schedule, Apr. 21-25

City sanitation crews will make pick-ups at the following locations as part of the "Clean-Up, Paint-Up and Fix-Up Drive," City Manager Hobert Wooten has announced.

Also listed are street captains to remind homeowners to participate in the program.

Monday, Apr. 21: Broadway, Deaton and College; Mrs. Henry Spalding; Mrs. Fred Combs, Mrs. Chester Robinson and Mrs. Tom Johnson.

Tuesday, Apr. 22: Eversole, Hall and Highlands, Combs and Newland; Mrs. John D. Fitzpatrick, Mrs. R. B. Gregory, Mrs. Sally Summers and Mrs. Bradley Gabbard.

Thursday, Apr. 24: High, Court, Fleet and Judy, Mrs. Robert Mansfield and Mrs. Robert Mislter.

Friday, Apr. 25: Main St. and By-Pass Highway, Business and Professional Women's Club and Mrs. John Shackelford.

A Sobriquet!

The city's new water flusher for cleaning streets already has a nick-name. When one local resident was told yesterday that the flusher had arrived in town, he commented: "Amen. Let's call it 'John Black.'"

Black, a Louisville resident, wrote a strong letter to the Herald in January, condemning the dirt on Hazard streets.

TRUTH-AD FOR THE UNCHURCHED

BY WINN T. BARR

Here is the system of truth that agrees with all the information given in the Bible. Other systems agree with only part of the information given, and develop into repeated recitations of little strings of verses that completely ignore or partly twist important doctrines of the Bible. They don't pay attention to the whole Bible. But the true system fits in with all the Bible tells us:

1. It affirms the sufficiency of spiritual conversion to save. The fact is that individuals even in Acts were saved before baptism. Saul was called "brother" before he was baptized. (Acts 9:17), and Cornelius received the Holy Spirit before he was baptized. (Acts 10:44-48). There's no doubt about it: you have to be converted before you are baptized, and if you're converted, you're saved.

2. It affirms the essential sameness of salvation in all ages. Rom. 4 states that we are saved as Abraham and David were.

3. It maintains a proper dispensationalism. God makes changes in the religious rules for men only in regard to organization, method, and ceremony. The division between the Testaments comes right where the Bible itself in its make-up indicates a change. The New Testament starts with the Gospel of Matthew, and the age of the Christian Gospel starts with the ministry of John the Baptist. "The beginning of the gospel of Jesus Christ, the Son of God" (Mark 1:1, also Luke 16:16). Jesus administered baptism throughout his earthly ministry (John 3:22-26; 4:1,2). Pentecost was simply the enlargement and empowerment of the already-Christian Gospel ministry to a world-wide scale.

4. It rightly divides between faith and works, putting each in its proper place for its purpose. Salvation is by faith unto good works (Eph. 2:8-10). Works are not the means but the mark of salvation, not the cause but the result.

5. It recognizes the statement of Paul that baptism lies outside Gospel. "Christ sent me not to baptize, but to preach the Gospel" (1 Cor. 1:17).

6. It handles figurative language consistently. Some statements about baptism are allegorical like some of the statements about foot-washing, cross-bearing, and the Supper. You can't take literally all remarks in the Bible about ceremonies, customs, and object lessons. We wait and watch for those who take everything exactly, to begin the daily carrying of big wooden crosses (Luke 9:23).

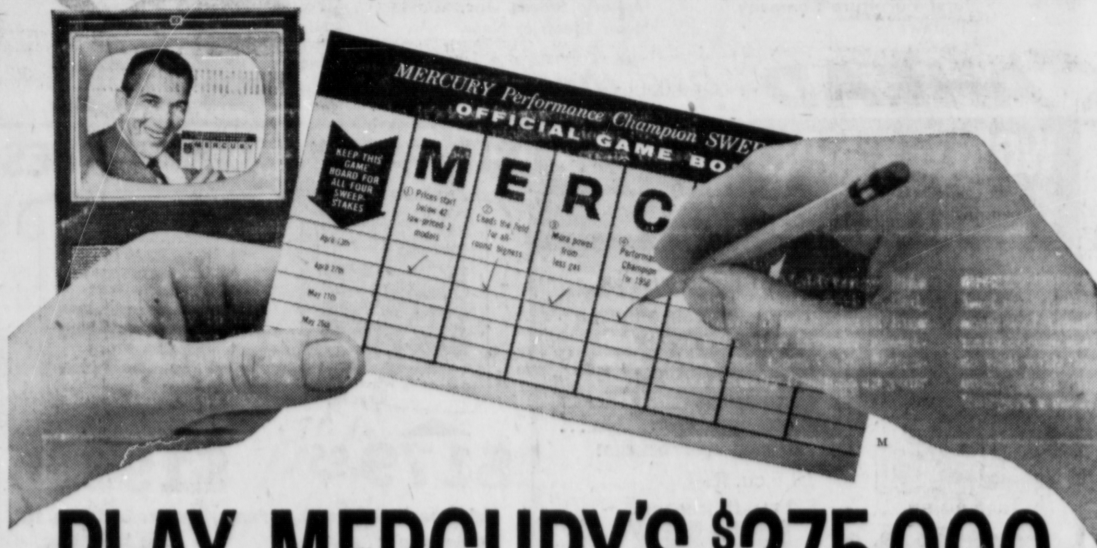

7. It recognizes any assembly of those who acknowledge Christ's deity as a church in the broadest sense, blessed and indwelt by Christ. "For where two or three are gathered together in my name there am I in the midst of them" (Matt. 18:20).

In seeking the truth from the Bible, remember that anyone can pick out a few verses to prove any pet doctrine desired. You don't know God's message in a given passage, until you find the meaning that fits in with all the Bible. "No prophecy of the Scripture is of any private interpretation" (2 Peter 1:20). That is, no Scripture can be understood without reference to the author's intention and to other passages that bear on that subject.

The good NEWS belongs in the NEWSpaper, but LOOK in the BOOK it comes from, and SEARCH for the CHURCH that obeys that book most fully.

"The Gospel In The Dictionary"

By A. C. Grider
For the last several months I have been DEBATING a Baptist Preacher in the pages of the Hazard Herald. The only reason we don't debate publicly is he is AFRAID. He says the reason he won't meet me in discussion is because it is wrong to debate. And yet he goes on debating weekly in the paper. I wish he would get out his "Dictionary" and look up the word "debate." He would find that he has been debating for months. Then he would summon up enough courage to meet in a public discussion or would quit debating in the paper.

But, speaking of the dictionary, did you notice what the Preacher had to say about the dictionary? He said, "anybody in America can find the Gospel in the dictionary." Now we have it. You don't need your Bible to find the Gospel! Just look in the dictionary! Now isn't that something?

He had cited the dictionary to pervert Acts 2:38 and make the word "for" mean "because off." I showed that it had no such meaning. Then I commented that the dictionary gave definitions according to current meaning and might not always be correct. I mentioned the word baptism. I pointed out that the Baptists wouldn't take the dictionary definition of baptism because the dictionary defined baptism as SPRINKLING as well as IMMERSION. But the preacher thinks he can mislead the people and he boldly declares that he DOES take what the dictionary says about baptism. He cites a definition from his dictionary which says baptism is "the application of water to a person as a religious ceremony by which he is initiated into the visible church of Christ." But the METHODIST PREACHER applies water to a person as a religious ceremony. And the Methodist Preacher says he thus initiates that person into a visible church of Christ. The question is, does the Baptist Preacher believe that the person is actually baptized when the Methodist Preacher thus applies the water? Does he? No, and he KNOWS he doesn't believe the person is baptized.

If the dictionary gave a true definition of baptism then the person WOULD be baptized. Water is applied to a person in SPRINKLING and POURING as well as in immersion. But the Baptist Preacher is on a hot spot and must contend that "applying water to a person is baptism." It isn't so, my friends. Baptism is a BURIAL. Read it in Rom. 6:4 and COL. 2:12. Every dictionary I have ever read (except Bible dictionary) says baptism is dipping or SPRINKLING. I challenge the Baptist preacher to produce a standard dictionary that does not so render the word, even HIS own dictionary. Attend services at Lothair Church of Christ.

Emergency Home Shelters Should Be Provisioned

"In emergency, whether natural disaster or enemy attack, there isn't time to collect and prepare all items required for an emergency station at home," Jake Fitzpatrick, director of Civil Defense for Perry County said today.

"An emergency station, in the basement or other similar shelter should be provided with 12 essentials," Fitzpatrick continued, adding:

First in importance is stored drinking water or other liquids. Two gallons will be needed for each person, plus an extra gallon for each child under three years.

A seven day supply of foods, including milk, should be stored. This can include food al-

ready in the refrigerator, plus canned or packaged foods on cupboard shelves. Also needed will be paper plates and napkins.

Towels for emergency table use, plus cooking and eating utensils, measuring cup and bottle openers, pocket knife and matches, will be needed.

Canned milk for baby, and canned foods for diabetic or others requiring special diets should be provided.

A large covered garbage can may be used for garbage. Smaller garbage cans with tight fitting lids should be used for human wastes. A supply of soap, toilet tissue, and, if there is a baby, disposable diapers, should be stored in the shelter.

If there is illness, spare rubber sheeting, extra medicines, and a reserve supply of any special equipment needed by the patient are also essential. A supply of large grocery bags and week's accumulations of daily papers, for soil bags, garbage wrappers, and other sanitary purposes will be needed.

Finally, the householder should provide his shelter with household chlorine solution for purifying drinking water, one quart of five percent DDT solution for use against insects, a screwdriver, wrench and shovel.

Leagues Plan Meeting

President Al Sims of the Perry County Little League and President C. C. Lindon of the Perry County Babe Ruth League have called a joint meeting for Friday, April 18th at 7:30 P.M. in the Kentucky Power Company auditorium. Mr. Sims and Mr. Lindon are urging all who are interested in the Youth Baseball Program to attend this meeting. Several important topics are to be discussed. One of the main topics to be discussed will be the fund raising campaign now underway by the officials of the leagues. Funds are to be raised by firms, organizations, and individuals who wish to sponsor a team or part of a team, or make a donation to the leagues. All funds collected are to be used to buy uniforms, insurance, and equipment for the teams. Mr. Sims said that the Little League uniforms are in good condition as new ones were purchased last year. Mr. Lindon said that three teams in the Babe Ruth League need new uniforms.
